

KEEM

is for keerk

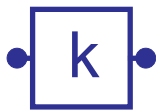

Hi! My name is John. I am not Armenian but I really like learning it! The above letter is called **KEEM**. Connect the dots and squares to form the upper and lower case **KEEMs**. By the way, **KEEM** says "k"!

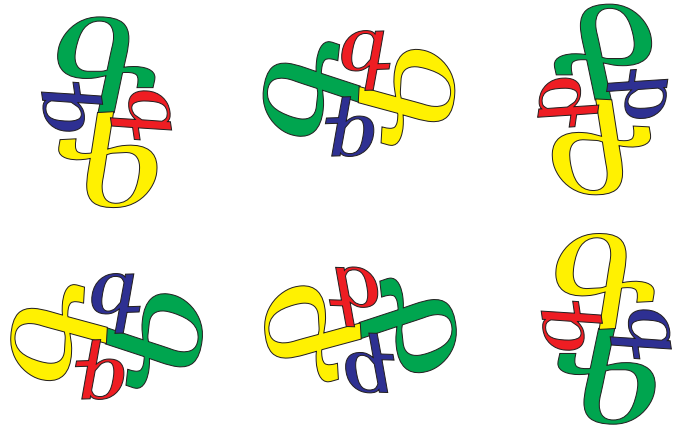

1 ————— 21

Let's review the first 3 letters of the Armenian alphabet. Join the upper case letters to the correct English sounds and then finally to the correct lower case letters.

How many **KEEMs** do you see? ____
 How many are facing the right way? ____

How many upper case(big) **KEEMs** are there? ____

Sticker Zone!

Say the sound **k** to get a sticker!
