

# TSAH

is for tsee

The letter TSAH makes the sound when you combine "t" and "s". Say it with me: "ts". Fix the upper and lower case TSAHs above. Here is how they should look.

Match the Armenian letters sounds with the English letter sounds:

- |      |   |   |      |
|------|---|---|------|
| ձ ա  | ● | ● | TSEH |
| ձ Է  | ● | ● | TSUH |
